Fighting pretty

In A.R. Murugadoss's upcoming heroine-centric film, **Sonakshi Sinha** will be performing some thrilling action sequences. Apparently, after working with Sonakshi in *Holiday*, Murugadoss was so impressed with her dedication and acting skills that he scripted this role with her in mind. Sonakshi has lost a lot of weight and will undergo a 30-day martial arts workshop with Thai experts, who will be flown down to Mumbai shortly.
